3.3. Logout : The students can logout from their portal whenever they want. They can access their portal through login and password

4. Dashboard

4.1. Your courses

All the purchased courses will be displayed on the screen. The student can see the courses which he/she has purchased and access their progress through the student dashboard in the course.

4.2. Wishlist

Student can add courses in his/her wish list to purchase it in future. All such courses will list under Wishlist tab.

4.3 Your Certificate

The Certificate achieved by the Student will display here. Student can download that certificate as well.

4.4 Your Assignments

All the assignments assigned to the student will display under this tab. Student can attempt these assignments and can submit for evaluation.

4.5 Your Quiz Attempts

Under this tab, Student can review all the quizzes which he has attempted. They can review the quizzes and the answers they given.

4.6 Your Gradebook

Students can view their grades for all the courses they've enrolled in, right from their account dashboard. They can expand individual grades to check the following details.

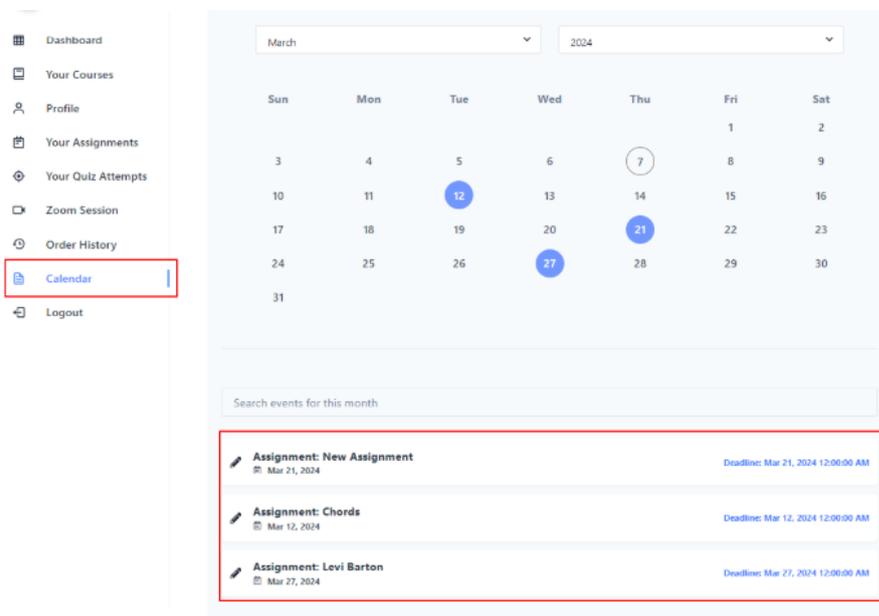

- The quiz and assignments they've submitted for the course.
- The weight that each quiz and assignment hold.
- The total percentage and grade they've scored for each quiz/assignment.
- The final percentage and the final grade for the course as a whole.

4.7. Zoom Sessions

Student can view upcoming and expired meetings right from the Zoom section of the Dashboard with their time and duration. It helps them prepare for their classes and avoid confusion.

4.8 Calendar

Students can see monthly schedule of assignments, quizzes, lessons, and Zoom meetings through the event calendar option under his/her account.

5. Course Enrolment

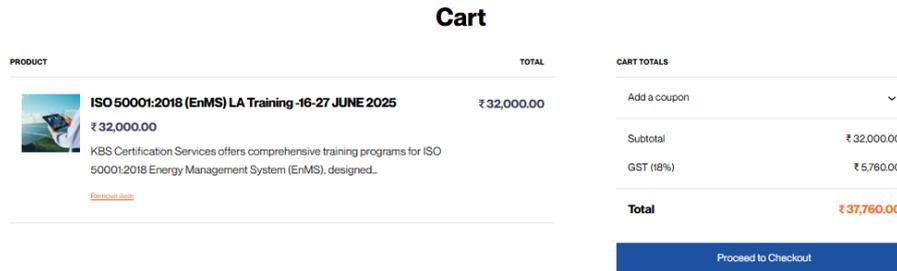

5.1 Purchase a course

Student can go to courses tab to see list of all courses. He can view the detail of a course by clicking on any course where he/she will be able to see the Enroll button. Please refer to the below screenshot.

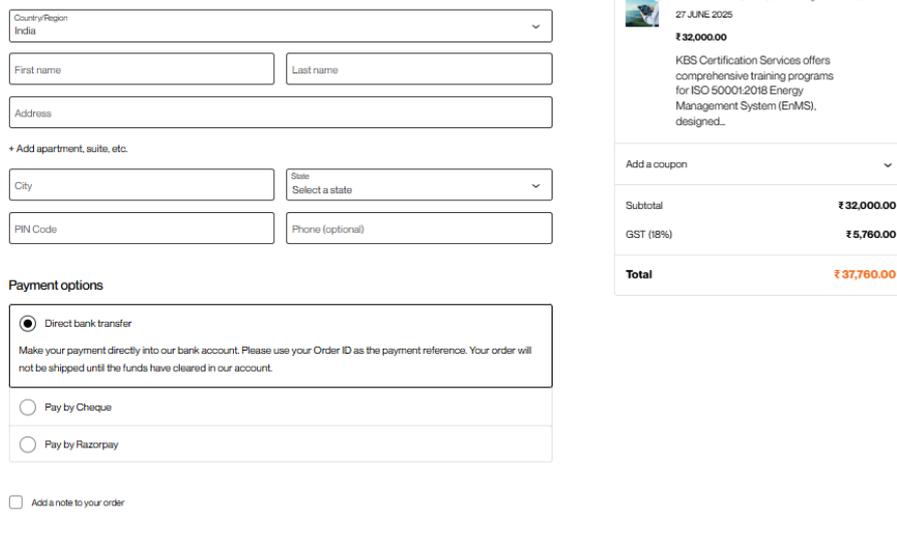

If the Student is not logged In, he/she will be redirected to SIGNUP and SIGNIN page, from where he can register or login himself first and then proceed with Enrolment process.

By clicking on Enroll button, that course will be added in the cart of the student and Student will be redirected to his cart. Please refer to the below screenshot:

From here user can click to “Proceed to Checkout”. On Checkout page, user will get the Payment options. User will complete the payment to enrol for that course.

5.2 Coupon

On the cart page, there is a field to add coupon code. These coupon code will be provided by the KBS LMS admin to an student or it can be displayed somewhere on the website so that all students can see the coupon code and can apply it at the time of purchase. By applying the coupon code, the coupon based discount will be applied on the cart amount and Student can proceed with the discounted price. Please refer to the below screenshot for your reference.
